What is your position on establishing liability protections for employers from frivolous lawsuits related to COVID-19?

I have already drafted a bill expanding the protections that we passed in SB 150 to extend to EVERYONE, businesses, schools and churches included.

What are your top budget priorities for the 2021 session?

Until we see the decrease in revenue I cannot give a top priority. Suffice it to say, I am still in favor of continued efforts at tax reform that we started 2 years ago.

What criminal justice reforms would you support and/or oppose in the 2021 session?

I am working on the Governor's bi-partisan criminal justice reform committee to effectuate real changes. We have not decided the path yet but I am in favor of changes.

What are your transportation and infrastructure priorities for 2021?

Need more revenue for infrastructure

What steps do you think the General Assembly should take to lower the unemployment rate and get Kentuckians back to work?

Continue the pro-economic policies that we put into to place that include tax reform, infrastructure funding and job growth. The benefits cliff needs to be addressed as well - right now too many people cannot afford to work and we have to stop that.

How can the General Assembly most effectively support K-12 schools and higher education institutions in the 2021 session?

Pension reform, educational opportunity reform, give superintendents the ability to fire and reform tenure.
